Child Illnesses & Injuries Cont.

Each Adventure Club child, while enrolled in our program, is insured with a supplemental accident policy.

If your child is injured in our care, your child's accident will be covered by our supplemental accident insurance policy. As a supplemental policy, a parent must submit the claim to their primary insurance carrier first. After this has been done, our liability insurance will cover the remaining balance.

If a parent does not have insurance, our claim will be submitted to cover expenses.

Administering Medication

If your child has an Epi-pen, Inhaler, etc., and you feel we need to keep these on hand while in our care, you will need to complete a Medical Consent and give it to the Summer Camp Mentor @ Galaxy Play, along with the medication in its original packaging.

Noteworthy Regarding Medicines at The Adventure Club

- Medicine must be labeled with the child's first & last name, amount of medicine in the container, and anticipated time of dosage.
- Short term use = 10 days or less of an over the counter medicine requires parent consent only.
- Long term use = 60 days of a prescription medicine requires physician consent.
- Medical consent forms expire every six months and will need to be re-submitted if we need to continue to keep a medicine on site.
- If an authorization expires, the parent will be notified immediately and will be required to complete another consent form or pick up any remaining medication. If medication is not picked up within a 14 day period The Adventure Club will dispose of the remaining medicine.
- Medicines are kept inside a locked cabinet or a lock box. The exceptions are Epi-pens and Inhalers which may be kept in a medical pouch kept on the person of a MAT trained staff member. These must be easily accessible by our staff but out of reach of children.

7 Expectations of Adventure Club Children ~ Summer Camp 2022!

It is always our pleasure to provide families with childcare. What we do for families in summer camp though differs from the care families receive during the school year. During the school year we have more resources available to help us mentor & guide children when behavioral issues occur.

During summer camp, parents choose our program over many others to give their children a fun filled and memorable summer experience, and so we want all children attending our camp to know that their parents have paid for their privilege to attend, and help them understand that bad behavior could result in unwanted consequences.

Please review these expectations with your child often! If we are all on the same page, we can work together to solve problems before they start.

1. Treat others the way you would like to be treated-we have a Bully Free Zone!
2. Listen to the teacher the first time directions are given.
3. Respect everyone's personal space.
4. Share with others and take turns.
5. Use inside voices when inside, playground voices are for outside.
6. Use "walking" feet inside.
7. Always do your best! Do what is right, not what is easy.

What happens if my child receives a behavior write up?

Level 1 Behavior Examples: Name calling, screaming, not following directions, defiance, etc.

- This level of behavior is handled by documenting the incident and reviewing with parent.
- If a **minimum of 5** L1 write-ups occur within a 2 week period, there will be a written warning and a meeting with the parent.
- If a **an additional 2** L1 write-ups occur within the same 2 week period, there will be a second written warning and meeting with the parent.
- If after the second warning any additional L1 write-ups occur, an immediate 1 day suspension will be given.
- After 3 suspensions the manager and/or CEO may decide to separate care.

Level 2 Behavior Examples: Includes level 1 behavior and spitting, throwing objects, damaging property, etc.

- This level of behavior is handled by documenting the incident and reviewing with parent.
- If a **minimum of 3** L2 write-ups occur within a 2 week period, there will be a written warning of possible suspension and a meeting with the parent.
- If a **an additional 2** L2 write-ups occur within the same 2 week period, a second written warning with an immediate 2 day suspension will be given.
- After 2 suspensions the manager and/or CEO may decide to separate care.

Level 3 Behavior Examples: Includes level 1 & 2 behaviors and causing/threatening harm to themselves, a friend, or staff member, running away, etc.

- **1st Level 3 Behavior Write-Up:** The parent will be called to pick their child up within 30 min's unless the occurrence was in the last hour of the day. A written warning and immediate 3 days suspension will follow, and the manager and/or CEO will discuss a corrective plan of action with the parent before the child's return.
- **2nd Level 3 Behavior Write-Up:** At this time, the manager and/or CEO may decide to separate care.

THE ADVENTURE CLUB ~ SUMMER LATE PICK-UP POLICY

2. If the parent/guardian cannot be reached, we will call from the child's emergency contacts, and continue to attempt calling the parent/guardian. This process will continue until 7 pm.
3. If by 7 pm we're still unable to reach a parent/guardian or an emergency contact, we will then call the **Christiansburg Police Department** at (540) 382-3131, who may also require us to contact **Child Protective Services** at (800) 552-7096.
4. The staff member who is supervising the remaining child/ren will complete the Late-Pickup Report and the parent/guardian will be asked to sign it. A copy of the signed report will be given to the parent/guardian and a copy will go to our accounting department for processing.

- The next business day, the accounts manager will process applicable fees to the parents account ledger and notify the parent by email with a statement of charges attached.
